ABOUT LORDS MOBILITY

A multi-application EV portfolio designed to support daily income, fleet uptime, and sustainable operations

Founded in February 2020, Lords Mobility has rapidly established itself as a front-runner in India's electric vehicle revolution. We specialize in engineering reliable, highly efficient, and certified clean-mobility solutions **tailored for rigorous passenger and commercial deployment.**

Our diversified EV portfolio ranges from slow-speed to high-speed electric vehicles, catering to both passenger and cargo mobility needs. The portfolio includes E-Rickshaws, E-Autos, E-Loaders, Electric Garbage Vans, and customized EV mobility solutions designed for modern transportation and sustainable last-mile connectivity.

Headquartered in Mumbai, with a state-of-the-art manufacturing facility at **IMT Manesar, Gurugram, and Trivandrum**, we ensure robust Pan - India delivery, **continuous after-sales support and finance tie-up support as well.**

OUR VISION

To become a global leader in next-generation mobility through innovation and smart EV solutions.

OUR MISSION

To drive a sustainable future by promoting eco-friendly electric mobility and green technology.

CUSTOMER-FIRST MINDSET

AGILE EXECUTION

COLLABORATION & INNOVATION

GROUP STRENGTH

Lords Mobility is backed by **Lord's Mark Industries**, bringing over 28 years of experience in executing large-scale projects across diverse sectors.

Healthcare & Diagnostics: Pioneering medical solutions and diagnostic lab infrastructure.

Renewable Energy: Leading national LED, Solar, and smart infrastructure projects.

Printing & Packaging: Offering high-quality labels, barcode stickers, and tailored printing and packaging solutions for diverse industry needs.

Technology & Mobility: Driving India's transition to electric platforms.

*"Strong legacy.
Future-ready innovation."*

WHY LORDS MOBILITY?

Built for Indian roads.
Developed for dependable earnings.

Lords Mobility stands at the forefront of India's electric mobility transformation with a strong focus on innovation, reliability, and sustainable transportation. With a diversified portfolio spanning passenger and cargo EVs, the company delivers certified, performance-driven mobility solutions designed for real-world Indian conditions. Backed by advanced engineering, robust product quality, expanding dealer and service networks, and a vision to build a complete EV ecosystem, Lords Mobility empowers businesses, fleet operators, and communities with smarter, cleaner, and more profitable mobility solutions for the future.

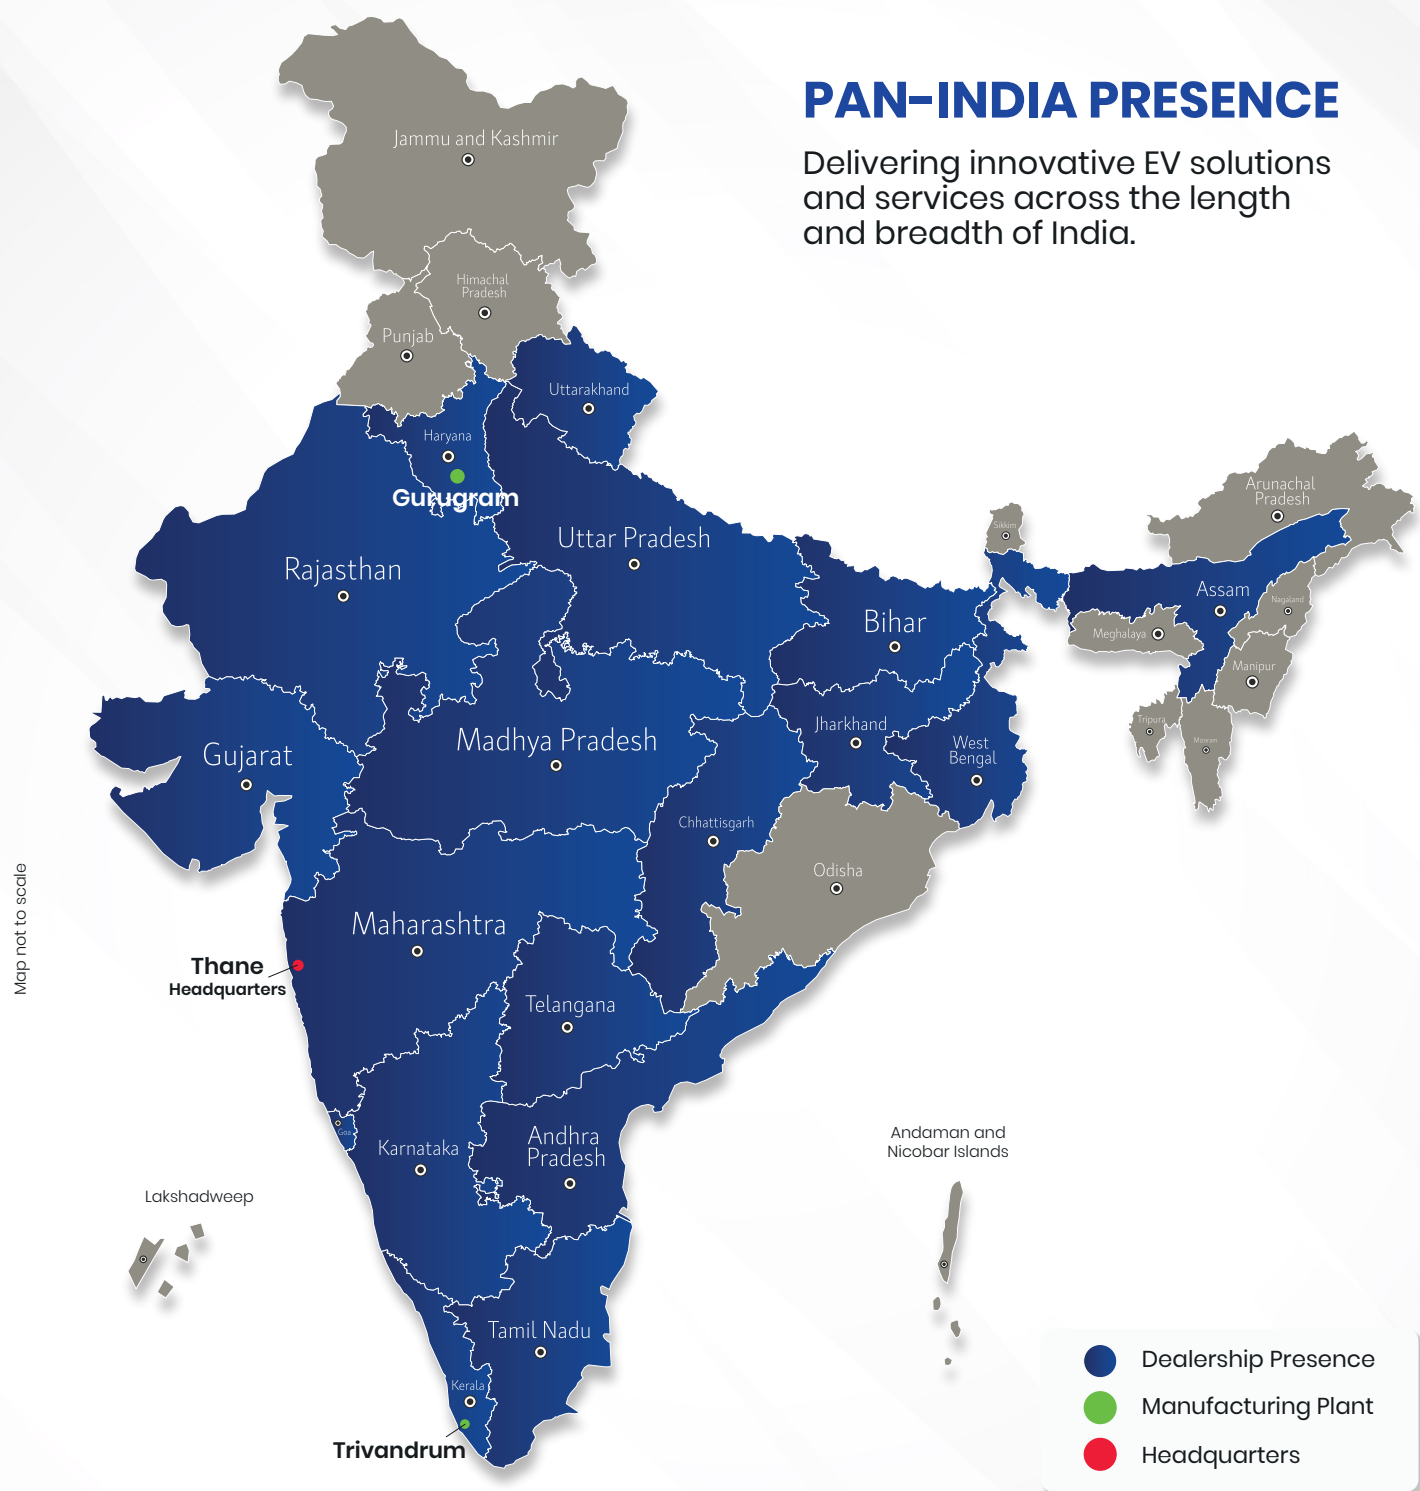

Robust Post-Sales Service & Dealer Support

- ✓ Certified Quality EVs at Competitive Pricing
- ✓ Finance & Business Growth Support for Dealers and Fleet Operators
- ✓ Diversified EV Portfolio from Passenger Mobility to Cargo & Utility Vehicles
